

Sharpe Bros wins Gosford City Business of the Year

The strong sense of community spirit that drives the successful Sharpe Bros family business was honoured at this year's Gosford City Australia Day Community Awards.

The Gosford-based road maintenance company, which repairs roads across New South Wales, was named Business of the Year at the special Awards ceremony held at the Central Coast Leagues Club on Friday 23 January.

Joint Managing Directors and brothers, Michael, Richard and Hayden Sharpe were commended for their involvement with various community groups including Apex, Rotary and a number of Chambers of Commerce across the Central Coast. Michael Sharpe said as the third generation of Sharpe companies, the brothers continued the philosophy of providing support to community groups through donations, sponsorships and volunteering.
